Thank you, Marcelo. I have a few questions about item #1 – the source reduction/plastic production budget.

- Have you heard anything more substantial from e.g. city of Santa Monica re: task I?
- Will the interns be working on both the source reduction work and the EPS/bag ban data assessment? It looks like just the source reduction piece.
- Is Grace's time covered under the larger NEP budget?

I have of availability to talk on the phone Wednesday afternoon, most of Thursday, and Friday afternoon. Enjoy the short work week. Thanks everyone.

Best,

Erica

Good morning Erica,

I'm hoping you are having a good start of the week.

I'm following up and attaching the pending items:

1. Plastics \$25k Budget (reflects spending plan, drafted with Grace. Pls see Tasks and detail)
2. Revised SF-424 (incorporates the additional \$25k. The match for the \$25k come from restaurants, city inspectors, and volunteers)
3. Revised 424A (incorporates the additional \$25k and other minor adjustments)
4. Revised Budget Detail for the fiscal year (incorporates the additional \$25k with minor adjmnts)
5. Food/Refreshments budget narrative, updated (increased by \$400)
6. LMU sole source - Revised, this is a current fiscal year item. Needs Tom's review, approval, and signing.

I am available for any revisions/updates this Wednesday-Friday and for any questions and clarification. Thank you!

Thanks.

Marcelo

Hi Erica,

Thanks for your call about the updated forms. I will have them updated and will email you the revised versions, including the revised refreshment memo, by this Friday.

For tomorrow's TAC meeting, here is the link to the other reports, pls look under/next to: June 29:

Hi all,

I provided a budget breakdown of the \$25k to Marcelo yesterday but am not sure how it lines up with EPA's format.

Marcelo, let me know if you need more help with this budget.

Hi Marcelo,

Thanks for talking this afternoon. As we discussed, we need an updated SF 424, 424 A, and budget detail to reflect the additional \$25,000 SMNEP will receive for source reduction and EPS/bag ban monitoring work as well as \$25,000 match for a total of \$1,250,000.

Also, attached is the memo you wrote last year regarding refreshments for meetings. Is this still up-to-date? Does it include potential refreshments for additional meetings related to the BRP revision?

Best,

Erica
